## \*\*\* Treatment Descriptions

- **Clefs des sens:** A tailor-made intuitive massage adapted to your needs.
- **Muscular:** Deep massage to promote muscle relaxation and prevent soreness.
- **Oriental:** Traditional relaxing and enveloping massage.
- **Polynesian:** Let-go massage with slow and deep maneuvers.
- **Indian:** Muscle massage to relieve tension.
- **Balinese:** Massage combining gentle stretching and relaxing gestures.
- **Aquaflorès Specialties:** Slimming, nutritional coaching, and tailor-made massage in two variations: Physiological© (physically gentle and moderate energy) or PhysioQuantique© (physically strong and intense energy), both created by Aquaflorès. This unique custom massage technique is a true cellular regenerating treatment. The PhysioQuantique massage includes all traditional medicines such as Chinese (Tuina), Indian (Ayurvedic), as well as various protocols like foot reflexology and shiatsu, offering a world tour. All these techniques form a single, personalized massage based on a complete body check-up determining your physiological, biomechanical, and energy needs to prioritize.
